- 3:00pm-4:00pm - Saturday August 10

Poster Session Directory

#	Presenter	Title
200	González de Canales, Juan, MD. Department of Obstetrics and Gynecology Fellow ¹ . Co-Authors: Luis Chiva, MD, PhD, Director, Department of Obstetrics and Gynecology ¹ Melania Íñigo, Clinical Microbiologist ¹ ; Elena Perugini, Medical Student ² , Alfonso Beltrán, Medical Student ² ; Lourdes Durango, Fertility Nurse ¹ , University Clinic of Navarra, Madrid; Cristina Fernández-Valor, Gynecologist ¹ . ¹ University Clinic of Navarra, Madrid ² University Clinic of Navarra, Pamplona	Implication of infectious agents in infertility
205	Damba-Cunningham, Emily, DO. PGY-3 OBGYN Residency, Sisters of Charity, Buffalo, NY. Co-Author: William Nolan, MD, UPMC, Divine Mercy Women's Health, Carlisle, PA.	Knowledge of OBGYN Residents of Fertility Awareness Based Methods of Family Planning
206	Henderson, Catherine, PharmD, Professional Compounding Centers of America (PCCA) Co-Authors: Guiyun Song PhD; Kendice Ip, MS; Dianna Fenerty, BA; Yi Liu, PharmD, PhD, RPh; Daniel Banov RPh, M.S.	Evaluation of the in vitro percutaneous absorption and stability of progesterone topical compounded medications
207	Iuliano, Kayla, DrPH, MHS. Dept Epidemiology, Geisel School of Medicine, Dartmouth, USA.	How do Environmental Chemicals Impact the Female Cycle? A Pilot Study to Integrate Environmental Exposures and Cycle Charting Data
208	Makarewicz, Sarah, BSc (Hons.), Faculty of Medicine and Dentistry, University of Alberta, Edmonton, Canada. Co-Authors: Alexa Frattini, Bsc (Hons.), T. Still University; Logan Waechtler, MPH, MPA ¹ ; Marguerite Duane, MD, MHA, MSPH. ¹ ¹ FACTS About Fertility.	FACTS Medical School Elective: Transforming Medical Students' Perceptions of the Effectiveness of FABMs
209	Makarova, Veronika ¹ Co-Authors: Petra Frank-Herrmann, MD, Maria-Nefeli Malliou-Becher, MD ¹ ¹ Department of Gynaecological Endocrinology and Fertility Disorders, University of Heidelberg, Germany	KorrTra – a correlational study on basal body temperature

210	Najmabadi, Shahpar, PhD, MPH, MS. ¹ Co-Authors: Alexis L. Timpson, PharmD Candidate ¹ ; Joseph Stanford, MD, MSPH ¹ ¹ University of Utah	Characterizations and Outcomes of Luteal Phase Supportive Medications for Infertility in a Prospective Observational Cohort
211	Noar, Mark, MD, MPH. Neurogastroenterology Study Institute Co-Authors: John Mathias, MD. Woman's Hospital of Texas. Ajit Kolatkar, BAMS.	Gastrointestinal Myoelectrical Activity (GIMA) Biomarker for Noninvasive Diagnosis of Endometriosis
212	Stanford, Joseph ¹ , Shahpar Najmabadi ¹ Co-Authors: Otto, Seth, MStat. ¹ , Matthew Reeder ¹ , Jing Wang, Man Hung, PhD, MEd, MStat. ¹ ¹ University of Utah	Live Birth Outcomes and Surgical Interventions in the iNEST Study
213	Stanford, Joseph ¹ , MD, MSPH Co-Authors: Cassandra D. Wilson ¹ , PharmD Candidate ¹ ; Shahpar Najmabadi, PhD, MPH, MS. ¹ University of Utah	Impact of Fertility Medications on Menstrual Cycle Biomarkers in a Multinational Fertility Treatment Cohort
214	Hernandez, Mauricio, PhD ¹ Co-Authors: Elard Koch ^{1,2} Juan Francisco Stecher, MD OB/GYN ² Cristian Vargas, MD ¹ ; Guillermo Nourdin ² , Pablo Saldivia ² ; Felipe Castro, MSc ² ; Bárbara Antilef ² ; Verónica Latapiat, MSc ² ¹ Biotechnology Division, MELISA Institute, San Pedro, Chile ² Fundacion de Investigacion San Ramon (FISAR), Concepcion, Chile, Chile.	A biorepository of maternal fluids from a preconceptional cohort for multi-omics studies of ultra early human pregnancy
215	Tabbaa, Suzanne, PhD ¹ . UCSF (University of California, San Francisco). Co-Authors: Yifei Dai, PhD ¹ ; Jan Rydfors, MD ¹ Stanford University, Freyja Clinic. ¹ Lady Technologies	Utility of cervical mucus electrical impedance as an indicator of cervical mucus observations
216	Hernandez, Mauricio, PhD ¹ Co-Authors: Kosh Elard, PhD ^{1,2} ; Vargas, Christian, MD ¹ , Pablo Saldivia ² ; Guillermo Nourdin ² , Juan Francisco Stecher, MD, OB/GYN ² ; ¹ Biotechnology Division, MELISA Institute, San Pedro, Chile ² Fundacion de Investigacion San Ramon (FISAR), Concepcion, Chile Chile.	Enhancing protein biomarker quantification in Cervicovaginal Fluid (CVF) through Data Independent Acquisition proteomics approach

Poster Session Directory: Clinical Case Reports, Case Series

#	Presenter	Title
217	Artyomenko, Volodymyr, MD, PhD, DSc. Odessa National Medical University, Odessa, Ukraine	A case of spontaneous pregnancy during the first month after laparoscopic myomectomy along with hysteroscopic endometrial polyp resection
218	Artyomenko, Volodymyr, MD, PhD, DSc. Odessa National Medical University, Odessa, Ukraine	"Silent" Abortion and Vaginal Microbiome - Therapy Pathway. Clinical case
219	Artyomenko, Volodymyr, MD, PhD, DSc. Odessa National Medical University, Odessa, Ukraine	Polycystic Ovary Syndrome and Obesity Clinical and Laboratory Specialties: A Challenge to Fertility Preservation in Women of Reproductive Age
220	Barco, Cynthia, MD. Co-Author: Ulrika Drevniok, RN(C), MScA	Successful pregnancy using oral DHEA in 39 year old with 5 recurrent pregnancy losses
221	Horodenchuk, Zoreslava, MD, PhD.	Various clinical presentations of impaired endometrial receptivity - a series of 3 cases

222	Valer-Chavez, Gisela, MD. OB/Gyn. Naprotecnología y Fertilidad Natural Peru. Co-Author: Ither Sandoval, MD Ob/Gyn, President, Peruvian Society of Obstetrics and Gynecology	Successful ongoing natural pregnancies and healthy live births in women with low and very low antimullerian hormone levels in a private practice setting in Lima-Peru. A case series report.
223	Valer-Chavez, Gisela MD. OB/Gyn. Naprotecnología y Fertilidad Natural Peru. Co-Author: Ither Sandoval, MD Ob/Gyn, President, Peruvian Society of Obstetrics and Gynecology	Undiagnosed maternal Triple X Syndrome mosaicism as a contributing cause of IVF failure and long term infertility in a private practice setting in Lima-Peru. A case report.
224	Valer-Chavez, Gisela MD. OB/Gyn. Naprotecnología y Fertilidad Natural Peru. Co-Author: Ither Sandoval, MD Ob/Gyn, President, Peruvian Society of Obstetrics and Gynecology	Restorative Reproductive Medicine as a treatment in RPL patients with inherited thrombophilic disorders and coexisting chromosomal polymorphisms in Peru.
